Sean Heisler

about

As a child, I had a love for art, illustration and technology. These loves led me to Iowa State University where I earned a Bachelor of Fine Arts in Graphic Design. After graduating, I joined Omaha-based, Webster, an established design and advertising firm where I broadened my talents working in all facets of graphic design. I have been fortunate enough to receive numerous awards and recognition for my work, and have been published in many national and international publications. In addition to my passion and love for design I enjoy audio, music, craft beer and sports. I have extensive experience in design and art direction. I excel in fast-paced, creative, team environments and am looking to continue to grow and learn with outstanding, driven professionals who love what they do just as much as I do.

education

BFA Graphic Design
1996 Iowa State University
